

Samsung Powerbot R9250 Bumper Sensor Replacement

This guide will demonstrate the steps necessary to remove the bumper sensor.

Written By: Ethen Sanchez

Step 1 — Bumper Sensor

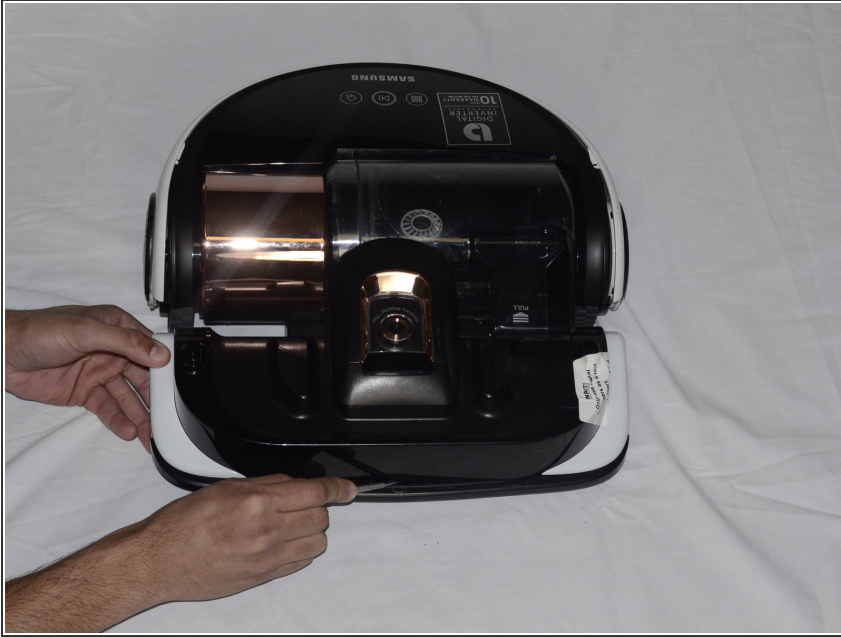

- Identify the bumper sensor at the front of the bot.

Step 2

- Use a tool to pry this sensor away from its holdings. This may require a little bit of extra force.

Step 3

- Then pull the sensor off.

To reassemble your device, follow these instructions in reverse order.
